Many Profiteers Being Grabbed!

Immense Quantities Of Hoarded Food Are Seized---One Retailer Fined $500.00

FOOD PIRATES ARE PINCHED BY U. S.

Jacksonville, Chattanooga and Chicago First to be Nabbed In Net—San Francisco to be Next—Government Lowers Its Food Price Below Cuts Made by Dealers.

JACKSONVILLE, Fla., Aug. 13.—More than a million eggs, hundreds of thousands of tinned foods and 27,500 pounds of sugar were seized here today in a raid on wholesale food warehouses and cold storage plants by federal authorities.

WASHINGTON, Aug. 13.—The first federal conviction for profiteering was reported today to the Department of Justice. District Attorney Lucey telegraphed Attorney General Palmer from Binghamton, N. Y., that a retail grocer had been fined $500 in the federal court for selling sugar at 15 cents a pound.

Chattanooga, Tenn., Aug. 13.—Eighty-four thousand dozen eggs (1,008,000) stored here for Morris & Co., Chicago, were seized today by the United States district attorney. Seizure was made under libel proceedings in the federal court, which charged that the eggs were unlawfully stored for the purpose of unreasonably increasing prices.

WASHINGTON, Aug. 13.—To meet reductions recently made by retailers a new scale of prices for surplus foodstuffs was put into effect today by the War Department. Roast beef was reduced from $2.13 to $1.90 per six pound can; bacon from 35 to 31 cents per pound, and No. 3 cans of beans from 11 to 9 cents. Prices on other items were reduced in proportion.

"The Secretary of War," said the announcement, "has approved the policy of revising War Department quotations from time to time to keep these prices below those charged by retailers for similar commodities.

WASHINGTON, Aug. 13.—The government made its first move today in its campaign of competition with commercial food dealers.

TWO MILLIONS FOR U.S. FIGHT ON H.C.L.

WASHINGTON, Aug. 13.—Appropriations aggregating nearly $1,000,000 with which to help carry out the President's suggestions for reducing the cost of living were asked of Congress today by the Commerce and Labor departments.

The Department of Commerce asked for $410,000 to be used in an endeavor to guarantee full weight and measure on all foodstuffs, ice, coal and other commodities by eliminating the less useful ones, thus eliminating waste.

The Department of Labor asked for $475,000 for the employment of nineteen experts, 200 special agents and a number of clerks.

Attorney General Palmer announced today that he would ask Congress for an appropriation of $1,200,000 to be used in the campaign to reduce the high cost of living. Of this amount $1,000,000 would be for the investigation and detection of crimes and for the work of the state food administrators, and $200,000 for anti-trust prosecutions.

Which Can Grab The Most Coin?

Following in the footsteps of its competitor, since it has been successful in getting an increase in commutation rates across the bay from the railroad commission, the Southern Pacific company has made a similar application for more money. The commission has granted the Key Route an increase from 11 cents to 15 cents a trip, or a lump of nearly forty per cent. It is supposed the Southern Pacific will get as much.

GAMBLERS ARE FIGHTING UNIONS

Union President and Wife Being Persecuted by Ring of Card-Sharks Which District Attorney Now Has Under Arrest — Organized Labor Pledges Him Support.

Charging that because he assisted District Attorney A. B. Tinning in efforts to suppress gambling in Bay Point he and his wife are being hounded and persecuted by the men arrested in the raid on the gambling dens there several days ago, Fred Vedder, president of Boilermakers and Iron Ship Builders Local 25, appeared before the Central Labor Council at Martinez yesterday and was given unanimous endorsement for his work.

Vedder was told by the council to place his case in the hands of Robertson and Browns, attorneys for the unions and to fight the matter out to the finish. He was pledged the support of the organized unions in the battle which he said was looming.

In support of his charge Vedder claimed that his wife has already been arrested on charges of disturbing the peace, charges which he claims are "frames" and which he alleges are instigated by the coterie of gamblers.

Vedder lays his troubles to his efforts to clean up Bay Point and to make it safe for union men to live and work there. He charges that the gamblers have fleeced the workers right and left and says that the practice must be stopped.

About two hundred Richmond men work at the Bay Point shipyards and they say gambling has been carried on there openly, and that many of the workmen lose nearly all their wages in that manner. The News has heard dozens of them express the desire that the gamblers would be broken up and given the limit of the law in punishment.

CITIZEN ACQUITTED ON SERIOUS CHARGE

R. B. Bryant, a popular young workingman of family in Richmond, of late employed at the Bay Point shipyards, and who was arrested last fall by federal authorities under suspicion of being the party who wrote and mailed to R. W. Hanna, superintendent of the local Standard Oil plant, threatening Mr. Hanna and the plant with dire results uless higher wages and time off were granted the employees, has just been entirely and completely vindicated from the charge.

Mr. Bryant protested his innocence from the start, and stated that he was not that kind of man, and held the company and its management in the highest esteem, but a slight similarity was detected in his handwriting and the handwriting of the threatening letters received by Mr. Hanna, and so he was taken over to San Francisco and arraigned there under charge of using the United States mails for illegal purposes.

This was last October, or November, and the case was yesterday dismissed by the U. S. court there, upon motion of the U. E. Attorney, under orders so to do from the Attorney General at Washington.

Mr. Bryant was foreman of one section of the boiler department of the oil works at the time this trouble arose. The letters complained of were very threatening and abuseive, and there was a slight similarity between the writing and that of Mr. Bryant, which, however, might be true as to hundreds of other people.

As far as has been made public no clue has yet been obtained as to who the perpetrator of the threats was, but the U. S. courts and attorneys now declare emphatically that it was not Mr. Bryant.

The Bryants have a nice home in the southeast part of the city and he and his good wife are, of course, very much pleased over his complete vindication, as are also his friends and everybody else, including, no doubt, the Standard Oil company.

ATHLETIC CLUB IS ORGANIZED

The initial meeting of the Richmond Athletic Club was held last night at Moose Hall and officers were elected, while the future of the club was also talked over. J. A. Miller, prominent member of the Redmen, was elected president; Cecil Moore, of the Richmond high school, vice-president, and Frank Garrity, secretary-treasurer.

The club rooms will probably be located at the old box factory on 8th street, where they will have a floor space of about 150x100 feet, and sufficient room on the outside of the building for basketfall, handball and other similar games.

The financial end will be taken care of by collecting dues from the members.

Many well-known athletes are interested in this club and will do all in their power to help it along. Al Hall, our local champion wrestler, will instruct in wrestling, and the popular prize fighter, De Laney, will assist in the boxing.

As the club gets better established it is the intention to add a gymnasium, shower baths, etc. It will be run solely for the amateur athlete, both young and old, and not for professional sportsmen. It will be a good chance for those around town who wanted a Y. M. C. A. here to get behind this movement now and back it up.

The next meeting of the club will be held Saturday evening at the Chamber of Commerce hall and will be open to the public. Everybody is invited.

BIG CONCERT TOMORROW NIGHT

Richmond's First Community Sing at Auditorum—Celebrated Singers to be Present —Everybody Invited and Asked to Bring Their Voices With Them.

Plans have been completed for the big Community Sing which is to be held tomorrow night at the Lincoln School Auditorium under the auspices of the Richmond War Camp Community Service and the Municipal Band.

The Band is preparing a special program and the War Camp Community Service will be represented by Roy M. Pilcher, Community Singing leader, who has just returned from organizing a chorus of 5,000 voices at San Jose. Pilcher has a national reputation as a leader of Community Singing and it is expected that the Auditorium will be crowded upon his first appearance in Richmond.

In addition to Pilcher the War Camp Community Service will present Mlle. Mignon Lavrille, who will sing a few trench songs just to make the returned soldiers feel at home, as the sing is being given by Community Service as an informal honor to the returned service men of Richmond.

The public is invited to attend the affair and Pilcher sends word that he wants everyone to bring his singing voice with him. The City Council has been invited to attend in a body, and it is hoped that the attendance Friday night will warrant the establishing of Community Singing as a permanent feature of the Municipal Band concerts, which are being held every two weeks throughout the year.

The entertainment is free to all.

LOCAL R. R. MEN VOTE TO STAND PAT

The local organization of railroad men, largely made up of Santa Fe employees here, met last night and took a vote on the country-wide proposition of more wages or strike, as against the offer of the Administration for them to stay at work at prevailing wages and conditions. The vote here was practically unanimous to stand pat on the proposition of a raise in wage or strike, and the offer of the U. S. Administration of Railways was refused.

Poppyfield Lodge Brotherhood, of the Pullman Car Shops, are to meet tomorrow night and take a similar vote, and union men on the inside state to the News that the vote there will be the same as that cast by he other railroad men last night —a wage raise or a walkout.

Martinez Gives Up Its Special Train

MARTINEZ, Aug. 13.—The plans for a special train from this city to San Francisco for "Fleet Day" have been abandoned by recommendation of the special committee appointed by the Chamber of Commerce for the purpose of arranging details concerning the train.

The committee members believed that inasmuch as the day comes immediately after Labor Day and that this will make three holidays in succession, many persons will go to the metropolis on either Sunday or Monday and that not sufficient tickets could be sold for the train to insure the guarantee of 125 persons.

SCHOOL PROPERTY WORTH $949,067

Interesting statistics are included in the annual report of William H. Hanlon, county superintendent of schools, which has just been completed and is ready to be forwarded to the office of the State Superintendent.

According to the figures presented there were 7483 children in attendance in the elementary schools of the county last year. There were 257 teachers employed in these schools. Salaries paid these teachers aggregated the sum of $270,198.25, or an average of $1100 each.

The total receipts for the schools from all sources is given as $510,056.50, which includes the balance left at the end of last year. The total expenditures reached $407,736.19, leaving a good balance for the coming year.

The valuation of school property totals $949,067. This included buildings, lots, furniture and equipment of all kinds. The bonded indebtedness of the districts totals $535,400.

With regard to the high schools the report shows 62 teachers and 1054 pupils in the various districts.

The total receipts for the districts was $250,431.16 and the expenditures reached $168,093.80, another good showing.

CITY ORDERS $5,000 U.S. FOOD

Midweek Session of the City Council Takes Action on Government Food Proposition—Also Takes Another Vote on Chief of Polict But Fails to Agree.

At the mid-week meeting of the City Council last night a goodly crowd of citizens were present, out of interest in and curiosity about the police chief controversy, and so as soon as the roll was called and the minutes of last meeting passed, Mayor Long announced that inasmuch as the people were there to hear about the chief of police matter a vote would be taken to see if it were possible to get now nearer a solution of the vexed problem than at previous meetings.

The vote stood just as the other votes have been, four and four between Woods and Gardner, and as there was no chance of breaking the deadlock of the Council it was tacitly agreed to let the matter go over until Councilman Watson should return from his trip to Missouri, when his vote would throw the election of police chief to one or the other of the two candidates between whom it has now simmered down to.

Accuser Didn't Show

Most of those present in the audience were of the opinion that a renewal of the fight of last Monday night would be on, and that the party who had accused Mr. Gardner of wrong-doing would be on hand to back up his assertions, but the party did not show up, and so nothing transpired of a spicy nature along that line. Mr. Gardner was there, ready and anxious to meet the accusing party, but was not given the opportunity owing to the non-appearance of the other man.

$5000 For Food

After further consultation together and hearing reports from the committee appointed to investigate, the Council decided to purchase $5000 worth of the bacon and canned goods of the Federal Government, for sale at low prices, comparatively, on the 18th inst. in San

HELP US DO GOOD WORK

We are not adverse to making money, as far as that is concerned, if it comes honestly and rightfully, but that is a secondary consideration to this editor in comparison to the mission of this newspaper. That mission is to spread broadcast far and wide, and just as far and as wide as possible, the doctrine of the Fatherhood of God, the Brotherhood of Man, the Theology of Nature, and the Gospel of Sunshine—to teach and preach and practice it and to cause others to teach and preach and practice it.

This is good, practical missionary work, and we want you to help.

We respectfully submit that it is better missionary work than sending people to the islands of foreign climes to teach the negro heathen the tricks of the white man. There are about as many heathen right here at home as out around the islands of the Pacific and elsewhere, and while they do not go around in breechcloths they do a whole lot worse. Some of them wear little more than the gee-string of the savage, and others do things a savage would be ashamed to do. A cannibal might make soup of you and feed you to his hungry family, but he wouldn't practice hypocrisy or food profiteering. The full evening dress of his people may be a string of beads, but their morals are better than those of Newport's Four Hundred.

You will certainly agree, after glancing over Europe and noting how people are murdering each other for no cause whatever but greed, graft and lust for power that nothing is needed in this world right now more than the teaching, preaching and practicing of the Brotherhood of Man; therefore we ask you in all earnestness to help spread this glorious and humane gospel far and wide among the peoples of the earth everywhere.

Every time you go to church and chip in something to the contribution plate you are assisting in sending missionaries out to Africa and elsewhere to convert the head-hunter, all of which may have, and doubtless has, more or less merit. Why not help the hundred million people of the United States—several million of whom do not realize that the graft and greed, selfishness and inhumanity they are practicing will lead them nearer to hell than anything else—to absorb this doctrine of the Brotherhood of Man? Help us do this, Friend, and we will both have the consciousness and comfort of knowing as we approach the time to pass in our identification slips at the check stand of Old St. Peter that we at least tried to do a little good to our fellow man while we were here.

A NASAL LANGUAGE

Of all the foreign lingoes one hears the Chinese is the least intelligible. In most languages an occasional word is heard that sounds like it might mean something, but one can listen for an hour to a Chinese conversation and hear nothing but a nasal duet resembling the sounds of a plumber flushing a sink pipe with a rubber suction cup. A word evidently varies in meaning according to whether it is sung in bass, soprano, alto or contralto.

direct to the American public beginning August 18 were announced by the War Department in a revision downward of its original prices.

This move by the War Department followed reductions of prices by commercial retail dealers since it was announced that the army surplus would be put on sale.

When the War Department heard of these reductions it announced that the army prices would be cut and that this revision downward would be continued.

City Orders Food

Francisco from the 150 carloads of it now enroute here from the East, and if this experiment proves successful, and more is yet for sale at that time, the city will invest more in it.

Dan Nozignilia will give free store room and the fire and police departments will donate their own time in helping make deliveries of the food to the people buying it, so little expense of any kind will have to be met, and the food will be sold to the people of Richmond at the Government prices, which, as now published, seem to be in the neighborhood of about half what retail prices on similar goods are around the whole bay region.

Some other routine work was transacted by the Council while in session, such as trying to straighten out a tangle got into by the gas company in tearing up nearly the whole length of Virginia street in laying and repairing its mains.

A report was also made to the Council by Mayor Long and Attorney Hall of the fact that the Fleet Welcoming celebration committee had snubbed Richmond to such an extent thatn othing for our city could be done and the local committee had quit trying.

Building Lots Are Too Small For Law

Inspector Wierda requests that our citizens look into the new State building laws before erecting dwellings.

Building of homes upon twenty-five foot lots is endangered in the new State building housing and tenement act which is just effective and which City Building Inspector Wierda announced will hereafter be enforced in the construction of new homes.

The law states that in every living or sleeping room that there must be a window which is at least four feet from the property line and opening upon an unoccupied space of ground at least nine feet square.

The new law also provides that no houses can be built which have sleeping rooms less than nine by ten feet for use of one adult person, ten by twelve feet for two adults and ten by fifteen where and adult and one child sleep.

Drastic regulations in regard to all building and sanitation are also included. Copies of the law may be obtained by property owners and builders from Wierda.

NOTICE OF IMPROVEMENT INVITING PROPOSALS THEREFOR NO. 359.

Pursuant to Statute and to Resolution Ordering Work No. 359 of the Council of the City of Richmond, California, adopted August 11th 1919 directing this notice, NOTICE IS HEREBY GIVEN that for the following described street work, ordered by said Council, and to be done according to Specifications No. 359 posted, and on file in my office, and heretofore adopted by said Council on the 21st day of July, 1919 by Resolution Auopting Plans and Specifications No. 359 to which specifications reference for particulars is hereby made, namely:

That ANDRADE BOULEVARD between the westerly line of Twenty-third Street and the easterly line of Twenty-sixth Street; and TWENTY-FOURTH and TWENTY-SIXTH STREETS between Humphrey and McBryde Avenues, be graded to the official lines and grades, paved with a five (5) inch cement concrete base with a wearing surface of asphalt and broken rock.

That curbs, gutters, sidewalks, wingwalls and portals of cement concrete, curb-bars of galvanized steel, and culverts of corrugated iron or steel and cement concrete, be constructed thereon.

That ten (10) inch sewers of standard salt glazed, vitrified sewer pipe be constructed in Twenty-third Street between the northerly line of Andrade Boulevard and the southerly line of McBryde Avenue.

That six, (6) inch sewers of standard salt glazed, vitrified sewer pipe, be constructed in Andrade Boulevard between the westerly line of Twenty-third Street and the easterly line of Twenty-sixth Street.

That manholes of brick and cement concrete with cast iron rims and covers, and a tee branch and wye branches of standard salt glazed, vitrified sewer pipe, be constructed on said sewers.

That all of said work shall be done at the places and in the manner and of the materials as specified, set forth and shown on the plans and specifications for said work adopted by the Council of the City of Richmond, by its Resolution Adopting Plans and Specifications No. 359, passed and adopted by said Council at a regular meeting thereof held on the 21st day of July, 1919, and now on file in the office of the Clerk of the City of Richmond, reference to said plans and specifications being hereby especially made.

Excepting however from all the aforedescribed work such portion as is required by law to be kept in order and repair by any person or company having railroad tracks thereon; and also excepting from all the afore-described work any portion thereof already done to the official lines and grades and constructed in accordance with the plans and specifications herein mentioned.

And the said Council of the City of Richmond does hereby determine and declare that said proposed work and improvement is of more than local or ordinary public benefit, and will affect and benefit the lands and district hereinafter described, which said district is hereby declared to be the district benefited by said work and improvement; and that therefore the entire costs, charges and expenses of said work and improvement shall be and is hereby made chargeable against and shall be assessed upon said lands and district, which district is within the City of Richmond, County of Contra Costa, State of California, and is bounded and particularly described as follows, to-wit:

Commencing at the northwesterly corner of Lot 4, Block 2, as said Lot 4, Block 2, is shown on map entitled "Hittell Tract" filed in the office of the Recorder of Contra Costa County, California, on the 5th day of March, 1913, and running thence in direct lines as follows: To the northeasterly corner of said Lot 4; thence to the northwesterly corner of Lot 44, Block B, as said Lot 44, Block B, is shown on map entitled "Map of Andrade Boulevard Tract" filed in the office of the Recorder of Contra Costa County, California, on the 1st day of July, 1907; thence to the northeasterly corner of said Lot 44; thence to the northwesterly corner of Lot 40, said Block B; thence to the northeasterly corner of Lot 35, Block F, said Andrade Boulevard Tract; thence to the southeasterly corner of Lot 12, Block E, said Andrade Boulevard Tract; thence to the southwesterly corner of Lot 5, Block A, said Andrade Boulevard Tract; thence to the southeasterly corner of Lot 44, said Block A; thence to the southwesterly corner of Lot 27, Block 14, as said Lot 27, Block 14, is shown on map entitled "Map of Andrade Garden Tract" filed in the office of the Recorder of Contra Costa County, California, on the 4th day of April, 1911, thence to the northwesterly corner of aforesaid Lot 4, Block 2, Hittell Tract, and point of commencement.

Being all in the City of Richmond, County of Contra Costa, State of California. Saving, excepting and excluding from said district all streets, avenues, lanes, alleys, crossings and places therein included and contained.

That said Council under the authority conferred upon it by the provisions of that certain act of the Legislature of the State of California, approved April 7, 1911, and known as the "Improvement Act of 1911," determines and declares that serial bonds shall be issued to represent the expenses of said proposed improvement, which said bonds shall be serial, extending over a period of nine (9) years from the second day of January next succeeding their date, and a bond shall be issued to represent each assessment of twenty-five (25) dollars or more remaining unpaid for thirty (30) days after the date of the warrant issued to the contractor, or five (5) days after the decision of said Council upon an appeal, and an even annual proportion of the principal sum of each bond shall be payable by coupon on the second day of January of each year after its date and until the whole is paid, and the interest shall be payable semi-annually by a coupon on the second days of January and July respectively of each year, at the rate of seven (7) per cent per annum on all sums unpaid, until the whole of said principal and interest is paid. Said bonds shall be issued in accordance with the provisions of said "Improvement Act of 1911."

Sealed proposals are hereby invited to be filed in the office of the undersigned, Clerk of said City, on or before 8 o'clock P. M. of Monday, the 25th day of August, 1919.

Bidders must file with each proposal a check, certified by a responsible bank, payable to the order of the City of Richmond, for an amount which shall not be less than ten per cent. of the aggregate of said proposal, or a bond for said amount, payable as aforesaid, signed by the bidder and by two sureties, who shall justify, before an officer authorized to administer an oath, in double the said amount, over and above all statutory exemptions. Bids received as above will be opened at 8:30 o'clock P. M. of said last named day.

Dated at the Clerk's office, City of Richmond, this 12th day of August 1919.

A. C. FARIS
Clerk of the City of Richmond.

Chapman Again At The Richmond

Charlie Chaplin makes rare use of his own peculiar naivete in "Sunnyside," his new million-dollar picture, made by his own company, and distributed by First National. In this most amusing film which will be shown at the Richmond theatre today Mr. Chaplin is seen as a simple-minded, innocent farm hand, whose affections are all for a pretty farmer's daughter, and who stands in great fear of a harsh old farmer for whom he works.

Charlie's ignorance of the ways of the world nowhere show to more comical effect than where he attempts to dress up to the standard of a city man who has happened to come to the village, and who is making love to Charlie's girl. Despite his artless greenness Charlie is "there" as usual, triumphing over his tormentors, and winning the beauty.

HOTEL MAN DENIES STORY OF ITALIAN

Indignant denial is made by John Perronne, American Hotel, 12 Standard avenue, of the statement sent to the News by an Italian citizen, that the American hotel is used by women of the night life to ply their trade. Acting Chief of Police Oliver Wylie made a personal investigation of the place this morning and states that the hotel is occupied by Perrone and his wife and is used as a workingman's hotel. The only women in the place or who have been in the hotel are Mrs. Perronne and a young girl in her early teens who assists in the hotel work.

"I want to find out who started this story. I think it must be some enemy from whom I forced payment of a bill," said Perronne. Wylie eats his lunch at the hotel every day and says that if there were women frequenting the hotel he would know of it.

The News turned the letter over to Acting Police Chief Wylie yesterday, who will investigate.

Missionary Meeting At Plate Home

The Missionary Society of the Presbyterian church met at the home of Mrs. J. H. Plate on Wednesday instead of the regular meeting. Representatives of the two Endeavor societies were the guests. The Duo-Art Piano Brings the Art of Paderewski Into Your Home

Paderewski sailed for Europe November 7, 1918, to bring to completion the wonderful work he has done in this country for his beloved Poland. Pederewski has sailed from our shores many times in his career, leaving behind priceless recollections to the thousands who have heard him play.

This time he leaves behind his playing in the form of Duo Art Rolls, which when played on the Marvelous Duo Art Piano, reproduce in uncanny detail his every element of technique, tone, expression—yes, his own personality.

Because of the wonderful Rolls and the marvelous Duo Art Piano, you can hear him play right in your own home whenever you may desire.

Not only Paderewski, but scores of the world's greatest pianists Bauer, Gabrilowitsch, Grainger, Saint Saens, Ganz, Lerner, Leginska, etc., will play for you whenever you desire.

The Duo Art is also a Pianola, which with the regular 88-note rolls, you can play according to your own ideas of interpretation. The Duo-Art is also a Piano to be played in the usual manner from the keyboard.

WE CORDIALLY INVITE YOU TO COME IN AND HEAR THE MARVELOUS DUO-ART

BACTERIA cannot be seen with the naked eye. They are too small for our patrols to see and "chase off the grounds."

Bacteria are in all rivers, in all brooks, and in all surface waters, whether in high mountains or lowlands. In fact, millions of them are in the air you breathe. They are in the water gathered by this company.

Elaborate precautions are taken to eliminate this minute life from the water before it goes into the pipes that reach out into East Bay homes.

During the 365 days of 1918, 697 bacterial examinations were made of East Bay water by the Western Laboratories, and a great many additional examinations were made by the State Board of Health and the City Board of Health.

Results may be best found in the report of the United States Government, giving Oakland the lowest typhoid rate of any city in the United States. Typhoid shows up quicker in bad drinking water than from any other source. These 697 examinations have proved the water served by this company to be as pure as any in the country.
